

CAT. N° 4 463 57

DROP AWAY PANELS FOR LCS³ ENCLOSURES - LENGTH 6000 MM

Pack (number of units)	O/R
Volume (dm ³)	O/R
Weight (g)	O/R

Product characteristics

Drop Away Panels

- Plastic panels that automatically soften and drop down when sprinklers are activated in the event of a fire in the data center, so as not to cause an obstruction
- Provide seamless integration of aisle containment solutions with sprinkler or water mist systems
- FM Approved panels: meet "FM Global" insurance requirements and the highest standards for safety and property loss prevention
- Material: steel
- Finishing: powder coating
- Colour: RAL 9011 (black)
- For other lengths, please contact us
- Length: 6000 mm

General characteristics

Legrand cabling system LCS³ enclosures - aisle containment
