

Product sheet

EMDX³ LEGRAND

Direct-connection energy meter up to 125A

REF. 412074 | EAN. 3414970968364

> [Visit e-catalogue](#)

Product characteristics

- Three - phase direct connection up to 125A
- Communication : Pulse output and Modbus RS485. Dual tariff input
- Reduced size : 6 units

The product's benefits

Installation

- Easy to install thanks to its direct connection up to 125A without the use of a current transformer. Limited space requirement due to its compact size of 6 modules. Ease of communication connection thanks to removable connectors.

Usage

- Equipped with 3 keys to quickly view the different electrical values and access the programming mode by a long press. Backlit display for easy reading of data. Allows energy metering up to 2 tariffs with MID certification for re-invoicing.

Advantages

- Compact size: 6 Units
