

Product sheet

EMDX³ LEGRAND

Energy meter with direct connection up to 125A MID

REF. 412075 | EAN. 3414970968388

> [Visit e-catalogue](#)

Product characteristics

- Direct connection up to 125A
- Communication : Pulse output and Modbus RS485. Dual tariff input
- Compacted size : 6 modules
- MID compliant device

The product's benefits

Installation

- Simple installation by direct connection up to 125A without the use of a current transformer. Limited location due to its compact size of 6 modules. Easy connection of communication thanks to removable connectors.

Usage

- Equipped with 3 buttons to quickly visualize the different electrical values and access to setting mode with a long press. Backlit display for easy reading of data. Allows energy counting up to 2 tariffs with MID certification for rebilling.

Advantages

- Compact Size: 6 Modules
