

Product sheet

ARTEOR™ LEGRAND

Module for connected power outlet. Arteor with Netatmo

REF. 574237 | EAN. 3414971353466

> [Visit e-catalogue](#)

Product characteristics

- LED indicator with locator function which can be activated in the app
- Compatible with any electrical appliance or large household appliance
- Measures instantaneous and total electricity consumption
- Protects against overloads (16 A maximum)
- Champagne

Recommendation / Restriction

- To add a power outlet to your connected installation, you first need to purchase and install a Arteor with Netatmo connected starter pack. To control your power outlet, you need to pair one or more Arteor with Netatmo wireless switches with it

The product's benefits

Installation

- The Arteor with Netatmo power outlet module is easily installed in place of an existing standard power outlet and needs a standard-depth flush-mounting box.

Usage

- Voice control of your lights and electrical appliances via a voice assistant
