Product sheet

Living Now - passive IR switch 2 wires 2 modules
REF. BT-K4430 | EAN. 8005543612538

> Visit e-catalogue

Product characteristics

- Adjustable brightness threshold for automatic light release : the light does not switch on when the natural lighting is sufficient
- The device must be completed with the type 17SL cover
- Screw and plate terminals
- Easy installation and removal of the mechanism on the support frame thanks to the new generation of plastic hooking system
- Used to control dimmable LED loads, dimmable FCL, very low voltage halogen (TBT), 230V halogen and incandescent. Powered to 100-230 Va.c.

Recommendation / Restriction

- For internal use only.

The product's benefits

Installation

- Possibility to install up to 3 devices in parallel. No need to place the neutral cable.

Usage

- Adjustable light switch-off: from 10 seconds to 10 minutes.Possibility to manage the permanent switching on and off in manual mode through a selector operated by the cover.

Avantages

- It is coordinated with the L.NOW aesthetic
- Suitable for all LED light loads included
