

Product sheet

LEGRAND

Floor box capacity 12M with vertical wiring devices supports

REF. 088171 | EAN. 3414971132597

> [Visit e-catalogue](#)

Product characteristics

- Adapted to any kind of floor (raised floors, screed floors) and any kind of coating (up to 8 mm thickness)
- Excellent daily robustness (wheel of office chair, furniture...). IK08 : Protection against choc energy until 5 joules
- Discreet and easy opening by one hand thanks to its wide handle.
- Supports compatible with the wiring devices Legrand Mosaic and Arteor. Cables outputs cuttable (diameter 20mm) to facilitate their installation.
- Once mounted, the floor box have a global load resistance 500N (vertical load applied through a little surface)

Recommendation / Restriction

- Indoor use only.

The product's benefits

Installation

- The ideal solution for low thickness floors (from height 75 mm in raised floor and 80 mm in screed floor). Particularly usefull for renovation.

Usage

- Removable Lid to facilitate connections to the wiring devices and which can be turned to 180° in order to change the orientation of the cable exit.

Avantages

- System of double fixation screws to the flooring : depending on the thickness to clamp (between 7mm to 50mm)
