LIVING NOW BTICINO

Living Now - 2-module universal push-button dimmer

REF. BT-K4411 | EAN. 8005543614419

> **Visit e-catalogue**

Product characteristics

- Light intensity memory function : the light turns on at the same light intensity as when it was turned off.
- The device must be completed with the type 19 cover
- Screw and plate terminals
- Easy installation and removal of the mechanism on the support frame thanks to the new generation of plastic hooking system
- Used to control dimmable LED loads, dimmable FCL, very low voltage halogen (TBT), 230V halogen and incandescent. Powered to 100-230 Va.c.

Recommendation / Restriction

- For internal use only.

The product's benefits

Installation

- It can be associated with one or more push buttons, allowing to activate / deactivate and dim the load.Dimmer without neutral to allow Retrofit installations.

Usage

- The ideal solution to adapt the light intensity of an environment to your needs.

Avantages

- It is coordinated with the L.NOW aesthetic, taking advantage of the full touch ergonomics of the control: it can be activated by pressing the control at any point on its surface (above, below and in the middle)
- Suitable for all LED light loads included
