Halogen free blue cable duct 60x80

REF. 636213 | EAN. 3245066362137

> Visit e-catalogue

Product charateristics

- Cable duct's cross section: 60x80, 4216mm² wiring capacity
- Gey color is for standard electrical circuits in installations.
- Hand splitting cable duct thanks to the side and bottom cut outs: no dust or rough edge when cutting to length.
- Halogen free product, does not release halogenated gases in case of fire.

Recommendation / Restriction

 Recommended for installations in buildings receiving public, rolling stock (e.g.: train, subway, etc.) or IT room.

The product's benefits

Installation

 The retaining bossage keeps the wires and cables at the bottom of the cable duct and prevents them from being pulled out during wiring. It also allows to wire on 2 levels. Those products allow a T-junction between a vertical cable duct and a horizontal one without obstacle: the lateral part is torn off thanks to the beginning of rupture at the bottom of the cable duct.

Usage

 The cover is easily installed on the cable duct by frontal-clicking or by rotation. The opening is done without tools. The ribbings on the edges of the cable duct help to align the labels.
