The product's benefits

Installation

- Plug & play : easy to install, set it up in only few minutes!

Usage

- You can trust your Netatmo Indoor Camera to distinguish between strangers, family members, and harmless movement. Thanks to facial recognition our Indoor Camera detects an unfamiliar face, you immediately receive a smartphone notification with a photo and video of the intruder

Avantages

- Smart notifications : Familiar or unfamiliar face? Harmless movement? Your Indoor Camera uses facial recognition to detect intruders and sends you detailed notifications
- Stranger, family member,or pet? Don't be disturbed for a false alarm - only receive notifications that matter to you.
- Video storage and all Outdoor Camera features and upgrades are permanently available without subscription
