

Product sheet

LEGRAND

2 wires CONNECTED KIT with 7" internal unit Wi-Fi connected, PLUG-IN power supply and wall mounted entrance panel

REF. 369430 | EAN. 3414971930858

> [Visit e-catalogue](#)

Product characteristics

- Thanks to the Wi - Fi connection, it's possible to associate the video internal unit to the Door Entry EASYKIT app
- It's possible to manage the main video internal unit functions (receiving calls, opening the door lock, activating the entrance panel/scrolling, FWR updating and additional activations) from the app.
- The system can be expanded up to 3 traditional handsfree internal units.
- Camera integration: An external CCTV colour camera can be directly connected to the entrance panel. The system is fully interoperable with Netatmo cameras for greater security outside and inside the house
- Alimentation 230V

The product's benefits

Installation

- Ideal for villa, mono or bi-family house. The kit offers a complete solution for a VDE installation

Usage

- The smartphone, connected to the internal monitor, becomes an additional virtual indoor unit

Avantages

- Wi-Fi connection of the internal unit
- Simple installation and configuration
