LCS³ LEGRAND

HD slim modular cassette preterminated 12 LC to MTP multimode OM3 universal polarity

REF. 032168 | EAN. 3414971929333

> [Visit e-catalogue](#)

Product characteristics

- Already equipped with preterminated fibres (12 fibre optic OM3 multimode 50/125 µm), directly connectible to female MTP connector with 12 fibres.
- Sliding cassette with push button for fast extraction of the cassette from the Front. Extraction from the rear also possible.
- High performance MTP cassette with maximal insertion loss 0,5dB.
- Compatible with MPO

Recommendation / Restriction

- Slim cassettes have to be mounted with their support (ref. 032138). That support accepts up to 2 cassettes (ref. 032168, 032169 and 032170) or 2 blank panels (ref. 032139), or 1 cassette and 1 blank panel.

The product's benefits

Installation

- Fast automatic extraction at the front and rear. Easy mix of singlemode and multimode on the same support.

Usage

- Fast automatic extraction at the front, easy to use, giving better accessibility to the patchcords when move, adds & changes. Extraction from the rear also possible. Each cassette can be separatly extrated.
