Description

The wireless light switch allows you to add an extra control point without pulling wires through the walls, and to control your lights (especially two-way switches) or electrical appliances

Product characteristics

- Quick and easy pairing with wired products (connected switch with dimmer option, connected power outlet, connected micromodule, or connected cable outlet)
- LED indicator with low battery warning
- Supplied with a replaceable battery with an 8 - year life
- Radio technology 2.4GHz, using Zigbee 3.0 protocol, reliable and secure

Recommendation / Restriction

- To add your wireless light switch to your connected installation, you first need to purchase and install a Mallia Senses with Netatmo connected starter pack, as well as one or more Mallia Senses with Netatmo connected switches, power outlets or lighting micromodules

The product's benefits

Installation

- Extra-slim, the wireless light switch is attached to a wall with the adhesive pads provided. It can therefore be repositioned. Can also be screwed onto a flush-mounting box

Usage

- Pair as many dimmer switches, lighting micromodules and power outlets as you wish and control them all with a single press on the wireless switch

Advantages

- When associated to the connected starter pack, the Mallia Senses with Netatmo products can be controlled manually or remotely from your smartphone or via voice control
- When installed on the wall, the wireless remote switch has the same aesthetic and thickness as all the Mallia Senses with Netatmo switches
- Easy and quick association by tapping the products together
